**Break Free from Single-Use Plastics: A Successful Campus Pledge**

On May 11th, 2023, the Green Club of Raidighi College, in collaboration with Human Wave, organized a highly successful awareness program titled "Break Free from Single-Use Plastics - Campus Pledge." This initiative aimed to raise awareness about the harmful impacts of single-use plastics and encourage the campus community to adopt more sustainable practices.

The program's achievements are attributed to the collective efforts of several individuals and groups:

- **Green Volunteers of Raidighi College:** Their dedication and hard work were instrumental in organizing and executing the program.
- **Faculty members and staff of Raidighi College:** Their participation and support contributed significantly to the program's reach and impact.
- **Principal of Raidighi College:** His leadership and endorsement played a crucial role in mobilizing the college community.
- **Director of Human Wave:** Their collaboration and expertise were invaluable in shaping the program's content and direction.

While details about the program's specific activities are not provided, its success in raising awareness and promoting a campus-wide pledge against single-use plastics is commendable. This collaborative effort serves as an inspiring example of how institutions and communities can work together to address environmental challenges.
