

RAIDIGHI COLLEGE

(A NAAC Accredited College)

P.O. & P.S. -Raidighi, South 24 Parganas, Pin- 743383

Phone No. 9735340005

Website – www.raidighicollege.in

Email – principal.raidighi@gmail.com, raidighicollege95@gmail.com

Date: 7/07/2020

NOTICE

This is to inform all the concerned that the following event will take place in the premises of Raidighi College. You are requested to comply and oblige. The details of the event is given below:

Title: National Level Webinar Series on Research Methodology

Date: 16/07/2020

Time: 3:00 PM

Venue: WebPlatform

Type of Event: Seminar

Dr. Sasabindu Jana
Principal
PRINCIPAL
RAIDIGHI COLLEGE'S

Collaborative initiative under MoU between Raidighi College and Sammilani Mahavidyalaya: WEBINAR SERIES --- JULY, 2020

In July 2020, Department of Microbiology & IQAC of Raidighi College and Department of Microbiology & IQAC of Sammilani Mahavidyalaya jointly organised 3 national-level webinars which focussed on the recent trends in research methodologies in different fields of modern biological sciences. The webinars constituted a collaborative webinar series entitled **National Level 3-day Webinar Series on Research Methodologies ~ "Science amidst Covid Pandemic: Life Goes On....."**.

Thought behind the initiative:

At a time when the Covid-19 pandemic is threatening the existence of mankind and has crippled the entire world, confining common public to a global lockdown, it seems prudent to express the undaunted and resilient spirit of the scientific community of West Bengal through a series of webinars highlighting important research areas. Most of us are adapting to the neo-normal in higher studies and research, turning more and more to various digital platforms to ensure the continuity of learning. Such platforms are helping to bring the science community closer than ever before and providing excellent opportunity to share and exchange knowledge and experience. This has motivated the two collaborating institutes to organize 3 webinars where 3 esteemed scientists have been invited to discuss crucial research methodologies adopted to study their specific fields of interest. The speakers are Prof. Biswadip Das of Jadavpur University, Dr. Shaon Ray Chaudhuri of Tripura University and Dr. Arnab Mukhopadhyay of NII, New Delhi.

- The first webinar highlights the research methods of the Das lab to study eukaryotic gene regulation in yeast.
- The second webinar is themed on the research methods and microbial techniques of Ray Chaudhuri lab that can help us minimize and abate pollution with concurrent conversion of waste to value added products that, in turn, can ensure food security.
- The third webinar focuses on research methods used to probe gene interactions in molecular aging and how the Mukhopadhyay lab uses those to study longevity in the model organism *C. elegans*.

*Department of Microbiology & IQAC of Raidighi College
and
Department of Microbiology & IQAC of Sammilani Mahavidyalaya
jointly present*

National Level 3-day Webinar Series on Research Methodologies
"Science amidst Covid Pandemic: Life Goes On....."

3 Days

3 Webinars

3 renowned speakers

16th July 2020, 3pm

17th July 2020, 11.30am

21st July 2020, 11.30am

Speaker:

**Dr. Biswadip Das, Professor,
Dept. of Life Science &
Biotechnology, Jadavpur
University**

Speaker:

**Dr. Shaon Ray Chaudhuri,
Associate Professor, Dept. of
Microbiology, Tripura University**

Speaker:

**Dr. Arnab Mukhopadhyay,
Scientist, National Institute of
Immunology, New Delhi**

**Topic: Regulation of eukaryotic gene
at post-transcriptional level**

**Topic: Microbial Technology for clean
and green environment with
nutritious food for masses**

**Topic: Gene interactions that control
longevity**

**Registration link:
<https://forms.gle/GP7pHSjvTa7PA8nN7>**

**Registration link:
<https://forms.gle/LijNonoCBAd8HgHQ8>**

**Registration link:
<https://forms.gle/ytXWnYYjJ9EkffyH9>**

Program Flier: First announcement of the 3 webinars

Platform: Google meet
Registration: Free
Last date of Registration: 10th July, 2020, 10pm or till capacity is reached
(whichever is earlier)

E-certificates will be provided on submission of feedback form after every lecture

Chief Patrons

Dr. Sasabindu Jana
Principal, Raidighi College

Dr. Santiranjana Palchaudhuri
Principal, Sammilani Mahavidyalaya

Convenors: Dr. Sharmila Chakraborty & Dr. Arunima Biswas

Organizing Committee

- ❖ Faculty members of Dept. of Microbiology, Raidighi College
(Dr. Shakuntala Ghorai, Mr. Prabir Sahoo)
- ❖ Faculty members of Dept. of Microbiology, Sammilani Mahavidyalaya
(Ms. Pamela Dutta Roy, Ms. Aryoma Chakrabarti, Ms. Madhuwrita Saha)
- ❖ IQAC of Sammilani Mahavidyalaya & Raidighi College

Program Details

WEBINAR 1

Department of Microbiology & IQAC of Raidighi College
and
Department of Microbiology & IQAC of Sammilani Mahavidyalaya

Welcome you all to the 1st webinar of the
National Level Webinar Series on Research Methodologies

Science amidst Covid Pandemic:

Life Goes On....

16th July 2020

Speaker:

Dr. Biswadip Das

Professor, Dept. of Life Science & Biotechnology, Jadavpur University

Research Methodology Topic: Regulation of Eukaryotic Gene at Post-transcriptional Level

BANNER of WEBINAR 1

Number of registered participants for webinar 1 held on 16th July 2020 were 92.

Webinar Summary

The inauguration session started with welcome address on behalf of the convenors followed by motivational speeches from the respected Principals of the two collaborating colleges who urged the participants to have faith in science and appreciated the efforts of all selfless and gallant Covid warriors fighting to save life, and working hard to discover a cure from this deadly infection.

The IQAC Coordinators both stressed the importance of continuing our science pursuit for the benefit of society.

Dr. Biswadip Das discussed at length the various methods and techniques popularly used to study eukaryotic gene regulation especially at post-transcriptional level, using yeast as model system. He explained the techniques used to assess biochemical, molecular and functional characteristics of the interacting complexes, the use of Northern Blot and RT-qPCR to study mRNA levels and Western blot analysis to check protein levels under various stress conditions.

His lecture was followed by an intense interactive session. The webinar ended with a sincere vote of thanks and sharing of the feedback link.

Certificate of Appreciation

This is to certify that **Dr. Biswadip Das**, Professor, Department of Life Science and Biotechnology, Jadavpur University, acted as our honorable resource person in **National Level 3-day Webinar Series on Research Methodologies "Science amidst Covid Pandemic: Life Goes On....."**, organised jointly by Department of Microbiology & IQAC of Raidighi College and Department of Microbiology & IQAC of Sammilani Mahavidyalaya on **16th July, 2020**. We sincerely thank him for sharing his valuable knowledge with us.

and
Department of Microbiology & IQAC of Sammilani Mahavidyalaya
Welcome you all to the 2nd webinar of the
National Level Webinar Series on Research Methodologies
Science amidst Covid Pandemic:
Life Goes On...
17th July, 2020

Speaker:

Dr. Shaon Ray Chaudhuri
Associate Professor, Dept. of Microbiology, Tripura University

Research Methodology Topic:

Microbial Technology for Clean and Green Environment with Nutritious Food for Masses

Number of registered participants for webinar 2 held on 17th July 2020 were 91

Webinar Summary

The second webinar started with a warm welcome address from the convenors who expressed their appreciation for a large turn out of participants from different institutes and different academic backgrounds as the theme of the webinar had a far-reaching appeal.

The speaker Dr. Ray Chaudhuri passionately described various research methods of microbial technologies that can on one hand gift the planet a clean and green environment and on the other hand convert waste to value added products like biofertilizers, thus helping to feed the masses. Her group has been working on development of waste water specific, tailor-made microbial consortia for treatment with minimum dead mass generation. She is a recipient of the Visitor's (President's) award under Technology category in 2019. She was the founder Director of RCM Bio-Solutions Pvt Ltd and has formed the first startup of Tripura University named 'Waste to Wealth Innovative Technologies LLP' with BIRAC funding.

She presented the various co-inoculation, co-culture and enzyme assay methods for the use of microbial consortium in eco-friendly bio-farming. She also elucidated the methods of microbial versus chemical treatment to produce sustainable and biodegradable fibres and electron microscopy methods to ascertain their properties. She also discussed the methods of in silico strain characterization, phylogenetic analysis, BRIG & MAUVE analysis techniques that has helped her lab to use microbial combination methods for environmental protection and agricultural sustenance.

Her lecture was followed by a long interactive session during which she answered all queries patiently. The webinar ended with the vote of thanks and feedback link was shared.

WEBINAR 3

Department of Microbiology & IQAC of *Raidighi College*
and
Department of Microbiology & IQAC of *Sammilani Mahavidyalaya*
welcome you all to the 3rd Webinar of the
National Level 3-day Webinar Series on Research Methodologies
"Science amidst Covid Pandemic: Life Goes On....."

21st July 2020, 11.30am onwards

Speaker:
Dr. Arnab Mukhopadhyay, Scientist, National Institute of Immunology, New Delhi

Research Methodology of Studying Gene Interactions
Topic: Gene interactions that control longevity

BANNER of WEBINAR 3

Number of registered participants for webinar 3, held on 21st July 2020 were 92

WEBINAR SUMMARY:

The webinar started with warm welcome address from the convenors who appreciated the presence of a number of faculty members, scientists, students and research scholars from various institutes across the country. Their enthusiastic participation itself stressed the solidarity of our scientific community amidst the challenges of the pandemic. The convenors also expressed their gratitude for the support and encouragement received from the Principals and IQAC of both the collaborating colleges.

Dr. Mukhopadhyay discussed at length how *C. elegans* can be ideally used to study gene interactions and gene functions in molecular aging process through the methods of mutational studies and RNAi technology. Time-elapsd microscopy, Fluorescence microscopy techniques, gene expression studies, etc can help establish aging to be a genetically controlled process. At the same time, he also explained the different methods that can be used to study the relation between our diet, gene expressions and signalling pathways (like Insulin-IGF-1 pathway), that can improve our healthy life span. This has immense therapeutic significance as these methods can be used to screen for novel dietary compounds that extend longevity. His lecture aroused much interest as was evident from the elaborate and intense interactive session that followed.

The webinar ended with a sincere vote of thanks and feedback link was shared.

It should be mentioned that the Google meet chat box was overflowing with requests to organize more such webinars in near future.

Certificate of Appreciation

This is to certify that, **Dr. Arnab Mukhopadhyay**, Scientist, National Institute of Immunology, New Delhi, acted as our honorable resource person in **National Level 3-day Webinar Series on Research Methodologies "Science amidst Covid Pandemic: Life Goes On....."**, organised jointly by Department of Microbiology & IQAC of Raidighi College and Department of Microbiology & IQAC of Sammilani Mahavidyalaya on **21st July, 2020**. We sincerely thank him for sharing his valuable knowledge with us.
