District Level SERV Scale-up Volunteer Training: Raidighi College

A collaborative effort by the National Service Scheme (NSS), Internal Quality Assurance Cell (IQAC), and Indian Red Cross Society (South 24 Parganas) organized a three-day training program on social and emergency response during disaster management. Held from February 27th to 29th, 2020, the program aimed to equip volunteers with the necessary skills to effectively respond to various disaster scenarios.

The program, part of the District Level SERV (Social and Emergency Response Volunteer) Scale-up Volunteer Training, focused on equipping 44 participants with crucial knowledge and techniques. Key topics covered included:

- **Specific Emergency Situations and Disaster Management:** Understanding different types of disasters and their impact.
- **First Aid Techniques:** Essential skills like applying dressings, bandages, and proper transportation of injured individuals.
- **Preliminary Checking:** The ABCs of emergency response (Airway, Breathing, Circulation) for initial assessment.
- **Seeking Help During Emergencies:** Recognizing procedures for calling for help in various situations.
- **Cardiopulmonary Resuscitation (CPR):** Life-saving techniques for reviving individuals experiencing cardiac arrest.

This comprehensive training program empowered volunteers with the confidence and skills to play a vital role in supporting their communities during times of crisis. The collaborative effort between the organizers demonstrates their commitment to building a culture of preparedness and resilience within the district.
