Date: 21/2/2023

## NOTICE

This is to inform all the concerned that the following event will take place in the premises of Raidighi College. You are requested to comply and oblige. The details of the event are given below:

Title: National Science Day

Date: 28.2.23

Time: 11:00 AM

Venue: Departments of Chemistry & Zoology

Type of Event: Extensional and Outreach Activity

  
Dr. Sasabindu Jana  
Principal

## National Science Day 2023 celebrated by Department of Chemistry & Department of Zoology

Raidighi College buzzed with scientific fervor as the Departments of Chemistry and Zoology united to celebrate National Science Day. The air crackled with excitement as students from across disciplines converged, armed with posters showcasing their research and a thirst for knowledge.

The poster presentations were a vibrant tapestry of scientific inquiry. Intricate diagrams on bioremediation danced alongside colorful charts dissecting chemical reactions. Eager explanations filled the halls as students, not just from Chemistry and Zoology but also Geology, Physics, and Mathematics, passionately shared their projects, sparking lively discussions that transcended departmental boundaries.

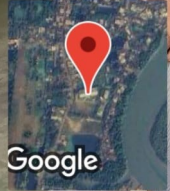

The culmination of the day was an hour-long seminar, a joint effort by the two organizing departments. Renowned guest speakers, a renowned environmental chemist and a leading zoologist, captivated the audience with their captivating talks. From dissecting the intricate workings of microbial fuel cells to unraveling the mysteries of endangered species conservation, the presentations were a masterclass in the power of scientific exploration.

National Science Day at Raidighi College transcended its departmental origins, becoming a powerful testament to the unifying spirit of scientific inquiry. Students emerged not just with fresh knowledge, but with a renewed appreciation for the interconnectedness of scientific disciplines and the collaborative spirit that drives innovation. This day was a powerful reminder that the pursuit of knowledge knows no boundaries, and when minds from diverse fields come together, the possibilities are endless.
