# From the Desk of President

**BEING ONE OF THE MEMBERS OF RAIDIGHI COLLEGE, I HAVE HAD AN OPPORTUNITY TO FEEL THIS TEMPLE OF LEARNING FROM THE VERY CORE OF MY HEART. THE COLLEGE HAS FACED A LOT OF HURDLES IN ITS WAY TO FLOURISHING. NOW IT STANDS AS AN EXEMPLARY INSTITUTION OF ITS KIND IN THIS LOCALITY OF THE SUNDARBANS. THOUGH THERE ARE PROBLEMS AN INSTITUTION HAS TO CONFRONT EVERY DAY, I STILL BELIEVE THAT OUR COLLECTIVE EFFORTS WILL ENRICH THE QUALITY OF EDUCATION FOR THE STUDENTS OF THIS REMOTE AREA.**

**RAIDIGHI COLLEGE IS PROVIDING THE STUDENTS WITH A GREAT OPPORTUNITY AND SCOPE IN DIFFERENT SUBJECTS - MODERN AND TRADITIONAL. THE COLLEGE AUTHORITY IS TRYING IT'S BEST TO PROVIDE GROWING POSSIBILITIES FOR THE BETTERMENT OF THE STUDENTS.**

**I WOULD LIKE TO CONVEY MY HEARTIEST WELCOME TO THE NEW BATCH OF STUDENTS WHOSE JOURNEY WITH OUR COLLEGE WILL COMMENCE FROM THE UPCOMING SESSION.**

**SHRI CHOWDHURY MOHAN JATUA  
PRESIDENT  
GOVERNING BODY  
RAIDIGHI COLLEGE**

## History of Raidighi College

---

*On May 16th, 1995 at the initiative of some sincere and selfless local people and under the guidance of a number of enthusiasts, Raidighi College started functioning. Time has flown fast and Raidighi College has stepped into its twenty-fifth year.*

*The college is now on the pacing track of progress and success, and on the threshold of a rapid expansion of infrastructure. Yet, there are many miles to tread before the dream becomes a reality, before the vision is transformed into action.*

*Raidighi College is located in an area which is socio-economically backward. Natural calamities are part and parcel of the people of this locality; students who come to pursue their higher studies are from extremely poor background. They sometimes fail to pay the minimum fees of education to the college. However, to assure the development of infrastructure for the cause of the students, we generally look forward to the allocation of grants by the different Government agencies. The college, throughout the academic year, follows a process of developing some infrastructural facilities, mostly for the welfare of our students.*

*It needs to be mentioned here that with the help of grants from U.G.C. and Sundarban Development Board, the construction of the girls' hostel of the college has been completed a couple of years back, and now it is fully functioning. In the near future, we also wish to construct a similar hostel for boys. The hostels, as we gather from our experience of running one, benefit those students who come to the college from far off areas and are therefore, face inconvenience by the hazards long distance commute to and from the college. Among our future plans rests also the construction of an auditorium*

*with adequate seating capacity and all modern facilities. We also give UGC - sponsored remedial coaching classes and coaching classes, guidance for different competitive examinations to the weaker section of ST. SC and OBC students.*

*We also intend to set up a modern computer training centre in the college itself, which will enable not only the students of the college but the students and eager people of the entire Sundarbans area to*

*receive training in computers and thereby discover new and fresh means to earn their livelihood. The college acts as a Study Centre of RabindraBharati University, which enables the students of Sundarbans to receive degrees in various post-graduate courses.*

*The Institute considers social awareness among the students as one of the most important aspects to make them good citizens. The two units of the National Service Scheme (NSS) in the college have been paving the way in this direction. The volunteers of the NSS units have been doing a lot of works for the upliftment of the people of this interior part of Sundarbans. Arranging rallies and lectures on Health and nutrition oriented awareness and other STDS have been a few of the regular activities of the NSS. Blood Donation Camp is one of its regular activities. Cleaning of major public premises, organizing awareness programmes on illiteracy eradication etc. have been made mandatory for our volunteers. In 2019, the NSS volunteers organized a special camp at Kumropara village where our teachers and resource persons informed the local community about the health benefits of exercise and yoga, and arranged a free medical check-up for all the local villagers.*

*Our institute believes in the holistic development of our students - both intellectually and physically. We encourage our students to participate in different sports events both on university level and society level. Our football and kabaddi teams (both Boys and girls) are performing excellently*

*and consistently. Our players were selected to play at the national level. Students are enthusiastic to participate in other games and sports also, though unfortunately, due to the inadequacy of fund and a fully-developed infrastructure, they are not getting optimum opportunity to show their talent.*

*Our students also participate in different cultural competitions. Students of Political Science Department are participating in Youth Parliament and quiz contest every year. Recently, in February 2020, at an event organized by Vijaygarh Jyotish Ray College, our students participated in different segments, and a student from the Department of Food and Nutrition was adjudged the Second Best Singer for Rabindrasangeet. They are to be appreciated in this regard. Even while living in trying conditions in this remote part of the state, they are capable of winning prizes for the college. In near future we are planning to have audio visual classes to train them.*

*Most of the students of this institution are of first-generation learner. They possess little knowledge about co-curricular and extra-curricular activities. Still we have been trying hard to make them aware of other activities in the department. We have been providing them with opportunities to write down their own thoughts and imaginations. Wall magazines are the perfect example of their creative potential. The Geography Department has already been able to publish the 5th edition of its departmental journal 'Revolution' (Porikromon). Other departments are thinking on the same line. A few editions of different departmental wall magazines have already been published. Departmental seminars have also acquired a popular stature in our college. With the help of these, students are gradually getting ready to*

*interact and present regularly. Departmental get-together and educational tours are also encouraged.*

*Though we have not yet experienced any inter-departmental competitions, but it has been found that students are willing participate in different events, representing their respective departments. Quiz contest and debate competitions are the finest example of such activities. Our students organize 'Teachers' Day' programme every year both centrally and departmentally. The college also organizes Annual cultural competition in music, recitation, extempore, debate and quiz.*

*The Learning curve of our new students is fairly high as they grasp things quickly from the classes and from students of the preceding years. We have strong faith on our students that in near future they will definitely develop themselves to the extent of succeeding at different ventures after completing their degree here.*

*At this juncture we put on record our deep appreciation of the services of the original organizers, who had dreamt a dream of establishing an institution of higher learning in this lineage part of the Sundarbans and offer our respectful homage to those teachers and non-teaching employees whose selfless services made this dream a reality.*

*Through the support and co-operation of all concerned, Raidighi College will continue to evolve as a centre of excellence in learning.*

## FROM THE DESK OF PRINCIPAL

It gives me immense pleasure and accomplishments to address you as Principal on the eve of 30th year foundation of our very own Raidighi College. Since its inception in 1995 the College has been striving towards holistic development of higher education in and around this part of Sundarbans, one of the geographically vulnerable regions of our country and excellence in various fields of personality and skill upgradation of our students. After the three decades of our journey, we are confident to provide our students a wide variety of opportunities both in academic attainment and extensional activities.

NEP 2020 is introduced in our state at the middle of 2023 and our parent body, University of Calcutta is also delivered new academic planning and evaluation system accordingly from the session 2023-24. Our institution is now working on the arrangements and participative management understanding related with CCF 2022 inculcating both 4 years Hons courses and 3 years Multidisciplinary courses. An experienced institution is ready for new beginning with best possible efforts from human and mechanical infrastructure. We believe that education at graduation level is just not for job or career ventures but for better academic experience as well as personality development. I am proud of Raidighi College students who have achieved both academic success and co-curricular activities overcoming all aspects of challenges.

Today our vision is to produce well confident citizens ready to serve the nation in all emergencies like COVID pandemic or climatic hazards like cyclones in Sundarbans. We also are very much aware about the challenges and requirements of job market in various fields of business and industries. Our Career Guidance and Placement Cell is always involved to explore new opportunities for our college students after the graduation as per the understanding of NEP. Our NSS units, Green Club, Cultural and Heritage Cell, Equal Opportunity Centre, Sports Yoga and Fit India Cell are truly motivational for participatory practices in character development of our students with sincerity and innovative ideas to build a proper educational ecosystem in community.

Our college is very much resourceful with dynamic academic experts and faculties with national and international experience. This dedicated team of faculties support a vibrant campus with activities and enthusiasm for better socio-cultural environment. Increasing

number of girl students are one of the major strengths of our institution in this socio-economically challenged area as well as environmentally hypersensitive region. Our teachers are doing their best to ensure congenial atmosphere for knowledge development and skill enhancement that would help our students to stand out in this competitive world.

I welcome all new students to Raidighi college and it will be our endeavor to make your future journey very successful and memorable. Best wishes to all.

# MOTTO OF THE COLLEGE

The College motto is

**“JNANAM, SATYAM, MOKSHAM”**

which translates to

**“KNOWLEDGE, THE TRUTH, THE ABSOLUTE”**

**Knowledge (Jnanam)** *To know the secrets of life and to understand that a mysterious force governs this universe – is knowledge. Knowledge widens and deepens our power to face the unavoidable, inevitable problems of life. It is a power to discover the Truth and to explore new avenues of living.*

**The Truth (Satyam)** *Indian philosophers, barring Charvaka, had adopted a generally approved method of searching for the Truth. Spiritual evidence, reasoning and experience – these are the three steps in this method. These are also similar steps adopted by modern science.*

**The Absolute (Moksham)** *“Who am I? What am I? Why am I here?” ~ If these questions be answered, only then we can attain our ultimate goal. We can find out the meaning of life and living by acquiring Knowledge through the path of Truth.*

*Taken together, these are the ideals that guide the College in its endeavour to carry out its mission of enlightening the local backward community with the concept of knowledge and progress through higher education.*

Teachers are the most important  
**individuals in our society –  
nothing is as powerful as the  
human touch in education.**

George Lucas

"Most successful educators have  
accepted the evidence and have  
come to the conclusion that  
many of our students simply  
need to squirm to learn."

- Robert John Meehan (American Educator,  
Poet and Author)

# Vision

---

*The vision of the College is to carve a niche for itself as a premier institution offering quality education to the poverty-stricken, under-developed community of rural marshlands of the Sundarbans. Our dream is “Education for Attaining the Absolute”, and this is reflected in the College motto ~ “JNANAM, SATYAM, MOKSHAM”, which, in turn, translates to “KNOWLEDGE, THE TRUTH, THE ABSOLUTE”. The college endeavours to strengthen character, broaden mind, dispel superstition, impart moral values and consequently develop generations of worthy and responsible human beings who will build our future society. We want our students to contribute constructively towards nation-building by upholding the values of secularism, national integration and social commitment. We have a vision that the students coming out of our campus should be intellectually enlightened, emotionally sound, physically strong and practically efficient. We envision them to champion the cause of justice, truth and peace and be always open to further growth to attain the Absolute.*

*Our vision has three basic dimensions~*

## Academic Excellence:

*Since its inception, Raidighi College has been dedicated to the pursuit of academic excellence in spite of many challenges. Academic excellence is more than just making good grades. It is the maximum development of one’s intellectual capacities and skills in service to humanity. Accordingly, the College aims to provide value based and value-added education with a view to instill self-confidence, persistence and leadership abilities among all the students. We hope that the quality education we impart will enlighten their minds and encourage their hearts towards always aiming high.*

## Personality Development:

*The faculty tries to impart such knowledge as may be necessary for the all-round development of the character of each student. The College attempts to provide young adult learners with opportunities to hone their ethics and leadership potential. Above all, it tries to facilitate the production of a creative, ethical and learning mind, which will concern itself not only with greater progress, but also with the integral transformation of the human consciousness enabling them to make the right choices in life.*

## Social Orientation:

*The College has been tirelessly trying to empower its students with wisdom and moral values so that they may develop into generations of worthy and responsible human beings who will build our future society. The College tries to inculcate discipline among the students in terms of sincerity, regularity, punctuality, and, above all, humanity. It also inspires them to develop into socially responsible citizens by organizing various social outreach programs through its NSS units and newly formed Eco Club. All these helps to promote feelings of social equality, secularism, brotherhood and national integration.*

*Various activities organized by the College also aim to promote awareness on ecological and environmental issues.*

Education is for improving  
the lives of others and for  
leaving your community and  
world better than you found  
it.

MARIAN WRIGHT EDELMAN

## Mission:

---

*Back in 1995, a handful of visionaries thought of ensuring overall progress and empowerment of this remote, economically backward area of Sundarban through higher education. Accordingly, on 16<sup>th</sup> May, 1995, Raidighi College was established with a single mission ~ to cater higher education to the poverty-stricken, under-developed community of this region and to develop the students into self-sufficient and responsible citizens through comprehensive education based on carefully prepared and well-designed curriculum. Our aim is to equip the underprivileged youth of this rural community with the latest requirements, through innovative techniques and practices, as we firmly believe that quality education and exposure can uplift them.*

# OBJECTIVES

## “Transforming Students to Ideal Countrymen”

The primary intentions of the College are as follows~

- To ensure and sustain Quality in education
- Advancement of learning accompanied by modern teaching aids
- Provision of need based higher education to cope with the changing requirements of the contemporary society
- Encourage a simultaneous holistic development of the students during the process of up gradation of their career and personality through community work
- The planning and functioning of all activities of this institution revolve around the vision, mission and objectives of the College. The thought behind the vision and the mission has been effectively conveyed to all the stakeholders of the college through the involvement and contribution of the College management and senior faculty. The College communicates and tries to fulfill its vision, mission and objectives through various activities as follows~
- The vision, mission and objectives of the college are displayed in noticeable areas in the campus so that the entire student community and faculty members are reminded of the great principles the college stands for.
- Giving shape and reality to the institutional goals involves the meticulous development of an action plan for each academic session and its sustained implementation. This starts with the preparation of a carefully designed academic calendar. The goals are mentioned in the academic calendar so that everyone can know more about the institution and its ideals.
- The Principal of the college addresses the college freshers every year for a general orientation where the vision, mission and objectives of the College are conveyed to them by highlighting the academic as well as extracurricular aspects with special emphasis on all round development.
- The Students' Union of the College organizes a programme to welcome the freshers each year wherein the newcomers are made aware about the vision, mission and objectives of the college.
- All campus programmes and special occasions begin with a reminder of the key goals of the institution.
- The Teachers' Council welcomes any new faculty with a message that highlights the noble ideas and ideals of the College.

- The college website is periodically updated and aims at better connectivity with the past, present and prospective future students. The website provides information about courses offered, faculty, infrastructural facilities, administration etc. All the events, examinations, seminars, workshops and cultural programmes of the college are posted on the website to keep the students, staff, faculty and other stakeholders regularly updated. The College website acts in tandem with the website dedicated for online admissions to conduct the online admission process.
- The annual College magazine 'SRIJONI' facilitates the creative potential of the students as well as the teachers.

Through our well-planned and periodic parent-teacher meetings, the parents and guardians develop a sense of belonging towards the Institution. The objectives of the College are conveyed to them during these meets.

## SWOC of Raidighi College

### Strengths:

This undergraduate college of backward area of the Sundarbans offers a multidimensional education spectrum comprising of different branches of Science and Humanities. It is a Study Centre for the P.G. course of RabindraBharati University Distance Education. Attempts are on to open a centre for the NetajiSubhas Open University in near future in the campus.

- A robust work culture is one of our prized assets. All lectures/tutorials/laboratory works are held regularly as per academic calendar. An efficient mechanism has been shaped for comprehensive planning and delivery of curriculum, feedback and evaluation. Students are also accorded selfless personal attention beyond the class, based on their need and willingness to be helped.
- The College is committed to total transparency in admissions and appointments and abides strictly by UGC rules. Highly qualified, experienced and committed teaching staff and a devoted non-teaching workforce play a pivotal role in our quest for academic excellence in a deprived social setting.
- In spite of its financial crunches and its plain Spartan way of life, the College offers modern teaching aids like audio-visual classrooms, smart classroom, excellent library facility, well-equipped science laboratories, computer facilities, LAN and internet facilities.
- The College is proud of its two NSS units, its medicinal plant collection, its Eco-club and various community awareness programmes.
- A beautiful, green and clean campus provides an ideal learning environment. Raidighi College boasts of a campus whose ambience is in perfect harmony with the Prime Minister's Swachh Bharat Mission.
- A great forte for the College is its aspiring students, who, despite their inhibiting home environment, desire to free themselves from social shackles. A sense of loyalty to the institution and a sense of belonging together as an academic family act as highly motivating factors for all concerned.
- It is encouraging that many of our students are pursuing higher education or are in satisfactory employment, in spite of their humble origin.
- Honours courses in Chemistry & Botany and General courses in Philosophy and Physical Education have been introduced last year under the consideration of the University.

## Weaknesses:

The College has many shortcomings which are enlisted below:

- Rural and remote location of the College is a great disadvantage.
- Majority of the population belongs to underprivileged SC, ST and minority groups.
- General poverty of the locality acts as an inhibiting factor for many aspiring students.
- Power shortage in the area hampers laboratory work and use of modern learning techniques.
- Severe financial constraints as suffered by the College in recent times is a big handicap.
- Further infrastructure is needed for conducting more remedial classes, tutorials, counseling sessions.

## Opportunities:

- The College authority encourages all the teachers to take up research assignments and to participate in national and international seminars/conferences.
- The College offers Spoken English classes, coaching classes for competitive examinations and computer training for the students.
- Faculty exchange programmes and national-level seminars provide an excellent opportunity to interact with academic community beyond the college.
- The career counseling cell of the College arranges career workshop and is about to start an active liaison with the industrial houses.

## Challenges:

- First -generation learners and girls from deprived sections need to be motivated to overcome social barriers and complete their education.
- It is necessary to enhance the quality of academic performance of the students.
- It is necessary to generate scope of employment through industry-institution interaction.

- Price of laboratory equipment and consumables are ever increasing. But to charge the appropriate amount from the students is beyond the vision of the institution.
- Poor communication skill and the average intellectual ambience from where the students come pose great challenges.

**4. (b)** Students who have passed the Higher Secondary (10+2) Examination or its equivalent from the All India Boards/Councils (i.e. CBSE, ISC and National Institute of Open Schooling) need not require to submit the Migration Certificate for getting Registration under this University.

**5.** For the purpose of determining eligibility for admission to the B.A./B.Sc./ (Multidisciplinary) Courses, aggregate marks shall be calculated by **adding the marks in top-four subjects** in order of marks secured by a student. However, marks in **compulsory Environmental Education/Studies shall not be taken into account for calculation of aggregate marks.** However, if the subject "Environmental Science" is studied as an elective subject of 100 marks, it may be taken into account for the purpose of determining the aggregate marks.

(a) Students belonging to **Reserved Categories** taking up Major Course of Study must have obtained a **minimum of 40% marks in the aggregate or 40% marks in the subject** or related subjects at the previous qualifying examination, as the case may be.

(b) Seat reservation for admission in the first year class of three-year (six semesters) degree courses of studies shall be guided by the West Bengal State Higher Educational Institutions (Reservation in Admission), Act, 2013 and the West Bengal State Higher Educational Institutions (Reservation in Admission) Rules, 2014 and Memorandum No. 339-Edn (CS)/OM-74L/2023, dt. 26.05.2023.

## 6. Attendance

- A student attending at least **75% of the total number of classes** held shall be allowed to sit for the concerned Semester Examinations subject to fulfillment of other conditions laid down in the regulations.
- A student attending at least **60% but less than 75%** of the total number of classes held shall be allowed to sit for the concerned Semester Examinations subject to the **payment of prescribed condonation fees** and fulfillment of other conditions laid down in the regulations.
- A student attending **less than 60%** of the total number of classes held shall **not be allowed to sit for the concerned Semester Examinations** and he /she has to take admission to the same Semester in the very next year for attending the classes and appearing at the said Semester Examination.

\*Such attendance will be calculated from the date of commencement of classes or date of admission, whichever is later.

**Explanation:** A student who has not been eligible to appear at any Semester-end Examination in terms of Clause 6.3 may take admission to the next higher Semester and appear at such higher Semester-end Examinations. However, such student has to take admission to the concerned Semester, for which the candidate has been ineligible under clause 6.3, in the very next available chance without pursuing any other Semester Course simultaneously.
