The present Analysis reveals that our students are truly satisfied with the approach and arrangements of College Academic and Administrative arrangements. It was honestly possible for wise and multi-dimensional support from our Governing Body, parent body University of Calcutta, Government of West Bengal and UGC. Considering all the responses associated with the feedbacks the following actions are proposed:

1. Parent -teacher interactions in any form should be more regularized, not only for academic restorations but also for mental and socio-economic support.

2. Teaching-learning system is a practice of involvement and encouragement. The institution should provide necessary infrastructural and financial support to attain more regularity/normalcy in our ecosystem after post-pandemic episode.

3. The institution should enhance more efforts on skill based Career oriented or more directly job oriented vocational courses, programs and extensional support to address the present challenges.
