

Report on Project Evaluation in Tiger Conservation Program

Date: September 14-15, 2024

Venue: Maipith and Deulbari Village, South 24 Parganas

Organized by: Lokamata Rani Rashmoni Mission

Overview:

Raidighi College is honored to have two of its esteemed faculty members, **Dr. Madhumita Majumdar** and **Dr. Shakuntala Ghorai**, serve as Project Evaluation Experts in the conservation initiative “**Protecting Tigers, People, and Their Vital Habitats**”. This program focused on the **Performance Evaluation of All Beneficiaries** in the **Sundarban Delta**, encompassing regions in both **India and Bangladesh**.

Key Highlights:

- **Project Evaluation Experts:**
 - Dr. Madhumita Majumdar
 - Dr. Shakuntala Ghorai
- **Objective of the Program:**
 - Assess the impact and effectiveness of conservation initiatives in the Sundarban region.
 - Evaluate the role of beneficiaries in maintaining ecological balance and wildlife conservation.
- **Event Location:**
 - Maipith and Deulbari Village, South 24 Parganas.
- **Significance:**
 - Strengthening conservation efforts for the endangered tiger population.
 - Ensuring sustainable coexistence between local communities and wildlife.

Conclusion:

The participation of Dr. Madhumita Majumdar and Dr. Shakuntala Ghorai as evaluators in this initiative highlights Raidighi College's commitment to **environmental sustainability and wildlife conservation**. The college extends its appreciation to **Lokamata Rani Rashmoni Mission** for organizing this impactful program and looks forward to future collaborative endeavors in conservation efforts.
