

Report on Faculty Exchange Program: Mathematics Classes by Prof. Sneha Gupta

As part of the Faculty Exchange Program between Raidighi College and Uluberia College, Prof. Sneha Gupta, Assistant Professor, Department of Mathematics, Uluberia College, conducted classes for Semester 1 and Semester 6 students of the Mathematics Department at Raidighi College on February 21, 2024.

The session aimed to provide students with exposure to diverse teaching methodologies and strengthen collaborative academic ties between the two institutions. Prof. Gupta, known for her expertise and engaging teaching style, conducted classes that were both insightful and interactive.

For Semester 1 students, the focus was on foundational topics, ensuring a clear understanding of basic mathematical concepts critical for advanced studies. Meanwhile, the Semester 6 students benefited from her specialized lectures on advanced mathematical theories and problem-solving techniques relevant to their curriculum.

Students actively participated in the sessions, which included a mix of theoretical discussions and practical problem-solving exercises. Prof. Gupta also shared study strategies and resources to help students excel in their academic pursuits.

The program concluded with positive feedback from the students, who appreciated the opportunity to learn from a faculty member of another institution. Faculty members of the Department of Mathematics at Raidighi College expressed gratitude to Prof. Gupta for her valuable contribution to the program.

This initiative under the Faculty Exchange Program not only enriched the learning experience of the students but also strengthened the academic collaboration between Raidighi College and Uluberia College, fostering a spirit of mutual growth and excellence.
